

HEAT THE STREETS!

WARM GEAR FOR BANKHEAD

Now through November 15th

We are collecting donations to create cold weather kits for homeless and low-income patients of the Good Samaritan Health Center of Atlanta (mostly underserved men in the Bankhead community). These kits, which include essential clothing and supplies, will be distributed in early December to help individuals face the challenges of winter safely and comfortably. Each kit costs \$15 to assemble, and every contribution brings us closer to meeting our goal.
